marker and the centerline marker of said putter
head ensuring the user's eyes are vertically over
the centerline of said putter head.

5 9. (Previously Presented) The golf putter according to
claim 8, wherein the centerline marker is perpendicular to
the striking face and is vertically aligned with the desired
area of putter to ball impact of said putter head.

10 10-14. (Canceled)

15 15. (New) The golf putter according to claim 8, wherein
said putter shaft extends across the top side of said putter
head from proximate said toe towards said heel at an acute
angle with the sole of said putter head, crossing the center
line of said putter head.

20 16. (New) A golf putter according to any one of claims 8 to
15, in use, where the golfer's eyes are aligned with the
transverse marking on the shaft and the centerline marking
on the putter head.

Favourable consideration of this application is
respectfully solicited.
